

Virtual Classroom Program

“Online learning has been shown to increase retention of information, and take less time” – World Economic Forum

According to the World Economic Forum ‘research suggests that online learning has been shown to increase retention of information, and take less time’ so the trend towards flexible online learning solutions is here to stay. PeopleSmart offer virtual classrooms that are

- Engaging and based on latest insights
- Fast and easy to set-up ; flexible to deploy
- Highly interactive and learner centered
- Enjoyable to attend and transfer focused

How you will learn?

Our web-sessions will be delivered using Zoom or your preferred web conferencing platform. They focus on learner engagement and transfer. They are all interactive and participative and combine different methodologies to accommodate participants’ learning styles for highest levels of learning. We use

- Examples and cases from own work place
- Presentations and feedback from peers and facilitators
- Break-out activities, energizers and videos
- Pre-session tasks and follow-up activities to anchor learning

PeopleSmart trainers –experts with master skills in online-facilitation

Our team of facilitators are *highly experienced* in the design and delivery of virtual learning sessions and understand the fundamental differences between face-to-face and virtual learning. They are all *expertly trained* in handling online learning environments and create the most engaging learner experiences. All our experienced facilitators are *multi-lingual*. We are able to deliver all learning events in a multitude of languages.
